

ROSACEA

ANTI-INFLAMMATORY + BARRIER REPAIR FACIAL

PROTOCOL

Cleanse

Use a gentle cleanser

Omega Green

Mix the Allantoin + Complex in a bowl and apply to the face using a mask brush, and nano-needle into the skin. Apply Esthetic Wrap overtop

LED

20 minutes blue LED (this is an integral part of the treatment)

Remove Omega Green

Remove wrap and mask

LED

Use RED LED with the sheet mask included in the Omega Green kit OR do IPL via Omega Dual on clean dry skin

Lactozyme

Release active Lactobacillus into the ampoule solution by pushing the bottom on the top. Apply to skin and use modality of your choice to help infuse

Apply Lactozyme balm to finish

BEST FOR

ROSACEA, ACNE
IMPAIRED BARRIER

WHAT'S NEEDED
